SUBJECT:

Completion of Enforcement Checklists

FROM:

Paula A. Cammarata, OSC

Technical Support Section

TO:

Don Graham, OSC

Removal Action Section - A

On November 13, 1991, I received a copy of the Walton Farm Site Administrative Order.

Attached please find two enforcement checklists. The first is to assist you in the field to ensure all enforcement activities are being addressed. The second list is entitled Jobsite Tracking List. This form must be completed for all activities you have completed to date and those activities where a start date is required.

Please provide me with a copy of the completed jobsite tracking list and retain a copy for yourself for future activity completion.

These forms will become a requirement for all on-going removal actions in the near future.

Thank you for your cooperation.
